## HOTSAUCE™ HARDWARE & EQUIPMENT

### Overview

HotSauce™ Technologies offers the latest hardware solutions for our state-of-the-art software. Certified for IBM, Dell, Epson, Samsung, Mintronix, Partnertech, and many other types of hardware, we will be able to offer you a POS package that can accommodate all of your needs. Most of HotSauce's hardware comes with an excellent manufacturer's warranty program. For example, all Dell computers purchased through HotSauce™ will come with a three year, next business day, on-site warranty.

### Mintronix MP-5000 All In One

The Mintronix MP-5000 is a reliable and sturdy system and is especially popular for bars and night clubs that are limited in space.

#### Features Include:

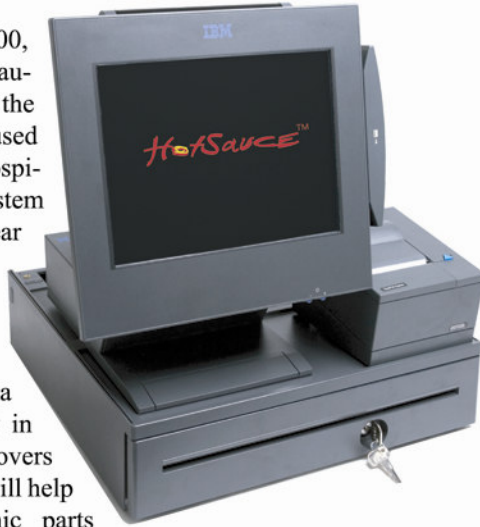

- Slim & Smallest All-In-One System available in 12" or 15" screen sizes
- Wall mount or counter mount offering unique non-visible cable routing
- Industrial Grade Motherboard for harsher environments (32 - 140°F)
- Solid Metal Chassis design ensures stable and stationary touch screen options
- Pentium based system for Windows
- Easy access shock mounted hard drive feature

## OPTIONS

### IBM SurePOS 500

The IBM SurePOS 500, found in high profile restaurants across the country, is the most reliable and widely used hardware system in the hospitality industry. Each system has an optional three year warranty directly from the manufacturer. The IBM SurePOS 500 is uniquely designed for foodservice by supplying a "cooling pipe" technology in addition to spill resistant covers and seals. These features will help protect sensitive electronic parts from damages that can be caused by grease, smoke, spills, and heat; all typical of a rigorous restaurant environment. Working hand-in-hand, IBM and HotSauce™ Technologies will provide an advanced and reliable solution for restaurateurs, giving them an efficient way of maintaining both the quality of service and the profitability of their business.

### Dell Computers & Dell Touchscreens

As a certified Dell provider, HotSauce™ Technologies will guarantee the satisfaction of using the Dell solution. Each Dell system and touch screen monitor will have a three year, next business day, onsite warranty. For example, if there is a malfunction in any of the Dell monitors while under the warranty period, Dell Monitor Support will immediately overnight a replacement. With such prompt warranty service from Dell, any hardware issues are resolved quickly and effortlessly with a simple phone call.

## OTHER TYPES OF HARDWARE

HotSauce™ Technologies is compatible with a variety of peripheral hardware which will help enhance productivity and ultimately make it easier for the user.

- Thermal Receipt Printers
